Alumni News of

SRUSTI ACADEMY of MANAGEMENT and TECHNOLOGY (Autonomous), Bhubaneswar, Odisha

Vol - XVII | Issue - 1 | Jan. - Apr. 2026

From the Editor's Desk ...

A legacy measured by lives touched

Welcome to another edition of Alumni Express, a celebration of the enduring bond that connects generations of Srustians across professions, industries, and geographies.

Every institution takes pride in the achievements of its alumni. Yet, the true strength of an alumni community lies not only in what its members accomplish, but also in how they inspire, support, and uplift those who follow in their footsteps. At Srusti Academy of Management and Technology, we are fortunate to have alumni who continue to remain connected with their alma mater, contributing not just through their success stories but through their willingness to guide and empower current students.

The world of work is changing at an unprecedented pace. Artificial Intelligence is redefining job roles, industries are undergoing rapid transformation, and organizations across the globe are rethinking their workforce requirements. At the same time, concerns around employability, job readiness, and career uncertainty have become increasingly significant for young graduates entering the professional world.

In such a scenario, the role of alumni assumes even greater importance. Alumni bring with them real-world experience, industry exposure, professional networks, and valuable insights into emerging opportunities. When they mentor students, conduct guest sessions, facilitate internships, recommend deserving candidates, or support placement efforts, they do far more than help students secure jobs. They help them understand industry expectations, develop professional confidence, and prepare for the challenges of a dynamic and competitive environment.

Every opportunity shared, every conversation held, and every student guided has the potential to change a life. Such acts of support create a ripple effect that extends far beyond individual careers. They strengthen institutions, empower communities, and contribute to the development of a skilled and capable workforce.

Our alumni today are making meaningful contributions across sectors—as business leaders, entrepreneurs, technology professionals, researchers, educators, administrators, and social change-makers. Through their work, they are driving innovation, creating employment opportunities, solving complex challenges, and contributing to the nation's growth and progress. Their achievements stand as powerful reminders that education is not merely about earning a livelihood; it is about creating value for society.

This edition of Alumni Express showcases stories of achievement, leadership, innovation, and engagement from our alumni community. We hope these stories inspire our students to pursue excellence with determination and purpose, while encouraging our alumni to deepen their engagement with the institution that played a role in shaping their journeys.

As we look ahead, let us continue to nurture a culture of mentorship, collaboration, and giving back. The future of our students will be shaped not only by what they learn in classrooms but also by the guidance, encouragement, and opportunities they receive from those who have walked the path before them.

Together, let us strengthen the Srusti legacy—one that is built not merely on individual success, but on collective growth, shared responsibility, and a commitment to creating a better future for generations to come.

With pride and hope,
Dr. Susmita Parija
Chief Editor

President's Message

Dear Alumni,

It is a pleasure to connect with you through another edition of Alumni Express. This publication reflects the spirit of our alumni community and celebrates the achievements, experiences, and lasting bonds that connect us all.

We are living in a time of rapid technological change, where artificial intelligence, automation, and evolving industry demands are reshaping careers and workplaces. Alongside these opportunities come challenges such as unemployment, skill gaps, and growing uncertainty for young graduates. In this environment, the role of alumni has become more important than ever.

As alumni, we have the power to guide, mentor, and support the next generation. Whether through sharing professional insights, offering internships, creating networking opportunities, or mentoring students, each contribution can make a meaningful difference in helping them navigate an increasingly competitive world.

Our Alumni Association remains committed to strengthening the bond between alumni, students, and the institution. I encourage every alumnus to stay connected, participate in our initiatives, and contribute to the growth of our alma mater.

The strength of an institution is reflected in the success and commitment of its alumni. Together, let us continue to inspire, support, and create opportunities for future generations.

I extend my heartfelt gratitude to all alumni for your continued association and support. Wishing you and your families good health, happiness, and success.

Mr. Ansuman Narayan (MBA:2004–06)

President, Alumni Association

Srusti Academy of Management and
Technology (Autonomous), Bhubaneswar

Alumni Speak

My journey at Srusti Academy of Management and Technology (Autonomous) played a significant role in shaping my professional confidence, knowledge, and workplace readiness. The MBA programme helped me strengthen my understanding of management practices and develop practical skills that I now apply in my day-to-day responsibilities.

Shakti Swarupa Panda

MBA Batch: 2022-24

People & Admin Coordinator, Attractify Technologies Pvt. Ltd., Bhubaneswar

Currently, I am working as a People & Admin Coordinator at Attractify Technologies Pvt. Ltd., Bhubaneswar. My role involves managing recruitment, salary administration, team coordination, event management, compliance-related activities, policy preparation, and the organization of various internal functions.

The academic learning, exposure, and professional environment at Srusti helped me build the confidence required to handle diverse responsibilities in the corporate world. It gave me a strong foundation to understand people, processes, and organizational expectations.

My advice to juniors is to focus not only on academics but also on overall personality development. Building self-confidence, trustworthiness, discipline, and a positive attitude is extremely important. These qualities help professionals gain recognition, contribute meaningfully to their organizations, and grow steadily in their careers.

Rajesh Mohapatra

MBA : 2018-20

Senior HR Manager, Patra Electronics, Cuttack

My MBA journey at Srusti Academy of Management and Technology (Autonomous) has been a valuable foundation for my professional growth. The programme helped me develop analytical thinking, decision-making ability, and a practical understanding of human resource management, which continue to support me in my current role.

I am currently working as a Senior HR Manager at Patra Electronics, Cuttack. My key responsibilities include ensuring that the right manpower is placed in the right role at the right time, along with managing payroll processing and other HR

functions.

The learning environment at Srusti encouraged me to think critically, participate actively, and prepare myself for the demands of the corporate sector. The exposure I received during my MBA helped me understand the importance of professionalism, communication, and people management.

To my juniors, I would advise active participation in the extracurricular and developmental activities conducted by the institution. These activities help in building essential professional skills beyond classroom learning. Students should also focus on improving their presentation skills, time management, and critical thinking ability, as these are key qualities required for success in the corporate world.

Campus Halchal

Alumni meet

A memorable gathering of alumni, faculty, students, and families, Alumni Meet 2026 celebrated shared memories, professional journeys, and the strong bond with the Srusti family **on dt. 24.01.2026.**
