From the Editor's Desk ...

A Journey of Learning, Leadership and Legacy

Every meaningful journey begins with learning. It begins with questions, curiosity, the courage to try, and the willingness to grow. The journey through higher education is no different. It is not merely a passage towards a degree or a career; it is a formative experience that shapes perspectives, builds confidence, develops character, and prepares young minds to take on responsibilities beyond the classroom.

At Srusti Academy of Management and Technology, the journey of our students extends beyond academic learning. Classrooms provide knowledge, but experiences provide understanding. Through projects, presentations, competitions, teamwork, campus activities, industry interactions, and relationships with teachers and peers, students gradually discover their strengths, overcome their limitations, and learn to navigate challenges with greater confidence.

As students progress, learning naturally evolves into leadership. Leadership is not defined only by positions or titles; it is reflected in the ability to take responsibility, work with others, make thoughtful decisions, communicate with purpose, and inspire positive action. Many of our alumni have carried these qualities into their professional and personal lives, creating meaningful impact in their respective fields.

The journeys of our alumni remind us that leadership can take many forms. Some lead organizations and teams, some build enterprises, some contribute through technology and innovation, while others make a difference through education, research, public service, or social initiatives. Their achievements demonstrate how the values developed during the formative years can continue to influence choices long after graduation.

Yet, every journey also leaves behind a legacy. Legacy is not measured only by positions achieved or milestones recorded. It is reflected in the people we inspire, the knowledge we share, the communities we contribute to, and the opportunities we create for those who follow. In this sense, every alumnus becomes a part of the continuing story of the institution.

Alumni Express provides an opportunity to celebrate these journeys—to look back at the learning that shaped our alumni, recognise the leadership they demonstrate today, and appreciate the legacy they are creating for tomorrow. Their stories serve as valuable reminders to our current students that success is not a destination but a continuous process of learning, growth, contribution, and renewal.

As we celebrate our alumni, let us also celebrate the journey itself—the lessons learned, challenges overcome, relationships built, responsibilities embraced, and dreams pursued. May our students continue to learn with curiosity, lead with integrity, and create a legacy that extends beyond themselves.

Learning shapes the journey, leadership gives it direction, and legacy gives it lasting meaning. May every member of the Srusti family continue to carry this journey forward with purpose and pride.

With Gratitude and Warm Wishes
Ms. Chanchal Sharma
Chief Editor

President's Message

Dear Alumni,

It gives me immense pleasure to reach out to you through this new edition of Alumni Express, which once again brings together the memories, accomplishments, and aspirations of our vibrant alumni community. Every edition reminds us that the relationship between an institution and its alumni is not limited to the years spent on campus; it is a lifelong association built on shared values, experiences, and a sense of belonging.

The world of education and employment is evolving rapidly. Technological advancements, artificial intelligence, changing workplace expectations, and new career pathways are creating exciting possibilities while also presenting challenges for young professionals. At such a time, the experience and guidance of our alumni can become a valuable source of confidence and direction for our students.

Our alumni are ambassadors of the institution, carrying its values into diverse professional fields and communities. Your achievements inspire our students, while your experiences can help them understand the realities of the professional world. Through mentoring, internships, industry interaction, networking, knowledge sharing, and career guidance, every alumnus can contribute to shaping the aspirations of the next generation.

The Alumni Association is committed to creating more meaningful opportunities for alumni and students to connect, collaborate, and grow together. I sincerely encourage all our alumni to remain actively engaged with your alma mater and to participate in the initiatives undertaken for the benefit of our students and institution.

I express my heartfelt gratitude to each member of our alumni family for your continued support, goodwill, and association. Let us continue to nurture this enduring bond and work together to create a stronger, more connected, and future-ready community.

Wishing you and your families continued happiness, good health, and success.

Mr. Ansuman Narayan (MBA:2004–06)

President, Alumni Association

Srusti Academy of Management and
Technology (Autonomous), Bhubaneswar

Alumni Speak

I am currently managing my own business, Sahoo Alankara, a gold and silver jewellery store in Puri. Being an entrepreneur, I am responsible for managing customers, employees, daily operations, and overall business activities. My MBA/MCA education has been highly relevant to my professional journey. It has enhanced my ability to understand and handle both customer and employee emotions effectively. It has also developed my sense of social responsibility towards my employees and helped me improve my skills in employee management, communication, teamwork, and coordination.

For my juniors, I would suggest focusing on developing strong management and interpersonal skills. They should learn how to communicate effectively, work as a team, coordinate with employees and employers, and handle different situations confidently. Along with academic knowledge, they should develop leadership, problem-solving, adaptability, and decision-making abilities. These qualities will help them become responsible professionals, build strong relationships, and achieve long-term success in their corporate careers.

Swadhin Mishra (MBA: 2008-10)

SAM played a significant role in building my confidence and developing my overall personality. The knowledge, skills, and experiences I gained here have greatly supported me in growing my career and becoming more confident in my professional journey.

Ashutosh Mishra (MBA: 2008-10)

I am here today because of the valuable education and learning I received during 2008-10. I am truly glad to be here and grateful for this opportunity to share my knowledge and experiences with the students. It is wonderful to reconnect with the institution, and I look forward to meeting and interacting with the students again.

Guru Charan Sahoo (MBA: 2014-16)

It is truly a matter of gratitude that I was once a student here, and today I have the opportunity to attend an entrepreneurship programme at my college. The knowledge, guidance, and support I received from the college have played a significant role in helping me reach where I am today.

Mukesh Ku. Padhan (MBA: 2008-10)

Srusti Academy of Management gave me the right path, knowledge, and confidence to take on a leading role in a group of infrastructure companies. The education and experiences I gained here gave me the courage to take important decisions, face challenges confidently, and make a meaningful difference in my professional journey.

Srilata Soumyashree Jena (IMBA: 2018-23)

Srusti Academy helped build my confidence and provided me with valuable knowledge and guidance. The learning and experiences I gained here have helped me grow both personally and professionally.

Blood Donation Camp

A noble initiative towards saving lives, the Blood Donation Camp 2026 witnessed enthusiastic participation from students and staff, promoting the spirit of service, social responsibility, and community welfare on **dt. 01.05.2026**.
