Where Talent Meets Opportunity

Driven by Talent. Defined by Opportunity.

For over 23 years, **Srusti Academy of Management & Technology (Autonomous)**, Bhubaneswar, has built a strong reputation as a distinguished institute for Management and IT education in Eastern India, supported by sustained academic discipline, structured governance, and continuous quality assurance.

The institute holds **NAAC "A" Grade** accreditation across **3 consecutive cycles** since 2011, and its MBA programme has been accredited for **2 cycles** by the **National Board of Accreditation (NBA)**. **Autonomous** status, granted on the recommendation of the **University Grants Commission (UGC)**, enables the institute to design and periodically update industry-endorsed curricula aligned with the National Education Policy (NEP) 2020.

In **The Week B-School Ranking Survey 2025**, Srusti was ranked **127th** Nationally (Private) and **12th** in Eastern India (Private). The institute is an institutional life member of AIMA and AIMS and an active member of CMAI and NHRD. Srusti offers AICTE-approved MBA and MCA programmes affiliated to Biju Patnaik University of Technology (BPUT), Odisha, along with AICTE-approved undergraduate programmes in BBA and BCA affiliated to Utkal University, Odisha. Its curriculum integrates Universal Human Values (UHV), Indian Knowledge Systems (IKS), Health & Wellness, Environmental Sustainability, Artificial Intelligence, Cyber Security, Machine Learning, Cloud Services, and industry-driven IT competencies. The institute also offers an Executive MBA programme designed to support working professionals and aspiring managerial leaders seeking to enhance strategic, leadership, and decision-making competencies while balancing professional commitments.

At Srusti, education builds professional capability, preparing graduates not only for employment but for meaningful contribution from the very first day of their professional journey.

Curiosity to Capability

Driven by Curiosity. Designed for Capability.

Srusti Academy of Graduate Studies (SAGS), Bhubaneswar, is a new-age undergraduate institute promoted by the renowned Srusti Academy of Management & Technology (Autonomous). Located in Odisha's leading academic hub, the institute aims to redefine undergraduate education through innovation, interdisciplinary learning, and strong industry alignment.

SAGS offers NEP 2020-aligned four-year Honours degree programmes in BBA, BCA, B.Sc. (Computer Science), and B.Com, designed to provide strong academic foundations while developing contemporary skills relevant to evolving industries. Its academic framework emphasises conceptual clarity, applied learning, and progressive skill development, enabling students to connect academic knowledge with real-world practice.

At SAGS, undergraduate education is viewed as the first stage of professional Foundation, preparing students to pursue higher studies, entrepreneurship, or meaningful careers in a dynamic and evolving professional environment.

From Employment

The Srusti Edge

Training Beyond Academics

At Srusti, employability is treated as a measurable outcome. Alongside academic learning, students undergo structured training designed to build confidence, capability, and performance in real recruitment environments.

Structured Training & Assessment Framework

45 Hrs QA / Logical Reasoning	105+ Hrs Training Sessions	113+ Sessions Presentations
15+ Rounds Group Discussions	30+ Nos Mock Interviews	20+ Sessions Case Studies

Continous Assessment

Every Saturday at Srusti is an "Assessment Day", where all students are systematically evaluated on industry preparedness parameters. These assessments simulate real recruitment environments and track individual progress across:

Industry Readiness in Action

Aptitude Reasoning
Problem-Solving Ability

Communication Presentation
GD skills

Interview Performance and
Professional Behaviour

Application of Concepts through Live Cases
and Situational Tasks

This continuous assessment model ensures that students are recruitment-ready throughout the academic journey, not just at the end of the programme.

To Deployment

Our Collaborations

Industry MoU

Incubation MoU

National Academic MoU

International MoU

“ When **Academia** Meets **Industry**,
Ideas Become **Reality**. ”

Program Overview

Our MBA programme is designed to develop future-ready business leaders capable of navigating dynamic and competitive corporate environments. Built on the principles of Outcome-Based Education (OBE) and informed by inputs from industry leaders, academic experts, and global business practices, the curriculum integrates academic rigour with practical industry exposure, enabling a seamless transition from campus to professional roles.

The programme emphasises analytical thinking, strategic decision-making, leadership, and managerial competence, preparing students to address complex business challenges with confidence. The programme structure includes:

- **Foundational Core:** 30 papers across four semesters building strong management and analytical foundations.
- **Dual Specialisation:** Expertise across five contemporary business domains.
- **Applied Learning:** Case studies, live assignments, internships, and project-based coursework.
- **Industry Interface:** Corporate interactions, industrial visits, and practitioner-led sessions.
- **Faculty Mentorship:** Guidance from faculty with academic depth and industry insight.

Our Pedagogy

The MBA curriculum adopts innovative teaching methodologies that combine conceptual learning with practical engagement:

- **Blended Learning** – Integration of classroom and digital learning.
- **Case-Based Learning** – Analysis of real-world business cases.
- **Flipped Classrooms** – Student-led discussions promoting critical thinking.
- **Experiential Learning** – Hands-on learning through projects and simulations.
- **Industry Immersion** – Exposure through internships, guest lectures, and industry visits.

This pedagogical framework develops conceptual clarity, practical competence, and strategic thinking, enabling students to perform effectively in diverse business environments.

At Srusti, the MBA programme ensures graduates emerge not only with a degree but with the mindset, capabilities, and confidence to lead in today's evolving business landscape.

Operations

- Supply Chain and Logistic Management
- Pricing and Revenue Management
- Operations Strategy
- Sales and Operation Planning
- Inventory Management
- Sourcing Management
- Operations Research Applications

Business Analytics

- Web Analytics
- R-Programming
- E-Business Applications
- Cloud Computing
- Financial /HR /Marketing Analytics
- Python
- IOT

Program Overview

In today's digital era, the demand for skilled technology professionals continues to grow rapidly. The Master of Computer Applications (MCA) programme at Srusti Academy of Management & Technology (Autonomous) is designed to provide the technical depth and practical expertise required to succeed in the evolving IT and software development landscape.

This two-year professional postgraduate programme builds strong foundations in computer systems, programming, software engineering, and application development, combining rigorous theoretical learning with hands-on practice. Through projects, internships, and industry-led sessions, students gain real-world exposure that prepares them for careers in software development, systems design, artificial intelligence, data analytics, cybersecurity, and emerging technology domains.

Our Pedagogy

The MCA programme follows a practice-oriented and industry-aligned pedagogy designed to equip students with both technical capability and problem-solving skills.

- **Blended Learning** – Integration of classroom and digital learning environments
- **Project-Based Teaching** – Learning through live coding, development projects, and solution-building
- **Flipped Classrooms** – Interactive, student-driven learning sessions
- **Industry Immersion Programme** – Direct exposure to technology industries and professional practices
- **Outbound Training** – Skill development beyond the classroom environment
- **Presentations** – Structured articulation, peer learning, and communication development

At Srusti, the MCA programme is designed not just as an academic qualification, but as a launchpad for innovators, coders, and technology professionals prepared to thrive in the digital economy.

- Problem Solving & Programming Language
- Business Communication
- Computer System Architecture
- Database Management System
- Entrepreneurship Development
- Discrete Mathematics
- Data Structure
- Object Oriented Programming Systems
- Operating System
- Universal Human Values
- Indian Knowledge System
- Computer Network
- Design and Analysis of Algorithms
- Theory of Computation
- Software Engineering

Practical Papers

- Problem solving & programming Lab
- Communication skill and Language Lab
- DBMS Lab
- Emerging Technology Lab-I(Python Programming)
- Tech Industry Interface Programme I
- Data Structure Lab
- Object Oriented Programming Lab
- Operating System Lab
- Advance Python Programming
- Emerging Technology Lab-II (Internet & Web Technology)
- Personality Development Lab
- Tech Industry Interface Programme II
- Design and Analysis of Algorithms Lab
- Personality Development and soft skills Lab
- Data Processing and Visualization Lab
- Advanced JAVA

A student has to opt for any two papers from elective I and II in the 3rd semester and has to opt for any two papers from elective III and IV in the 4th semester.

Elective-I

- Artificial Intelligence
- Computer & Network Security
- Wireless Sensor Network
- Computer Graphics

Elective-II

- Data Warehousing and Business Intelligence
- Vulnerability Assessment and Penetration Testing (VAPT)
- Cloud Computing
- Mobile Application Development

Elective-III

- Machine Learning
- Block Chain Technology
- Internet of Things
- Software Project Management

Elective-IV

- Big Data Analytics
- Digital Forensics
- Mobile Computing
- E-Commerce and Knowledge Management

Industry-Based Skill Training

- Cyber Security
- Artificial Intelligence & Machine Learning (AI/ML)
- MERN Stack (MongoDB, Express.js, React.js, Node.js)
- MEAN Stack (MongoDB, Express.js, Angular, Node.js)

Ph.D. Programme

Offers Ph.D. programmes in Management and Computer Applications & Science in line with UGC Regulations 2016-18 and as per the notification of BPUT. The programme aims to nurture scholars capable of addressing future research challenges for the betterment of society.

It is designed to:

- Develop subject expertise in core and advanced areas
- Enable identification of relevant research problems
- Build the capability to formulate and execute research plans
- Foster skills to generate, analyze, and publish original research
- Promote a lifelong commitment to research and learning

Our Ph.D. programme is ideal for aspiring researchers seeking depth, rigour, and impact in their academic journey.

Ph.D. Course Structure

UG The Srusti Advantage

Launchpad

Future-Ready Curriculum
NEP 2020 aligned learning architecture

Learning Beyond Classrooms
Industry exposure, projects, and field engagement

Analytical & Digital Edge
Skills for data, technology, and modern business

Entrepreneurial Mindset
Innovation and venture thinking from day one

Industry-Connected Learning
Interaction with professionals and practitioners

Research & Inquiry
Early exposure to analytical and research-based learning

Capability-Oriented Training
Focus on competence, not just content

BBA Programme

Aligned with NEP 2020, the BBA programme at Srusti is a 3-year full-time degree with an optional 1-year Honours/Research specialisation, designed to develop agile, ethical, and innovative business leaders. Blending academic learning with real-world exposure, the programme emphasises entrepreneurship, innovation, and responsible management practices.

Specialization

- Finance
- Marketing
- Human Resource Management
- Business Analytics
- International Business
- Supply Chain Management

Pedagogy

- Interactive Learning: Employs interactive lectures, tutorials, and seminars.
- Case & Project Focus: Uses case study-based learning, field projects, and internships.
- Practical Skills: Features management games, role plays, and leadership workshops.
- Industry & Research: Incorporates industry guest lectures, expert talks, and research-based learning.

BCA Programme

Aligned with NEP 2020, the BCA programme at Srusti is a 3-year full-time degree with an optional 1-year Honours/Research specialisation, designed to develop technically proficient and solution-oriented professionals for the digital economy. Blending foundational computing knowledge with practical application, the programme emphasises programming, system thinking, and emerging technology integration.

Specialisation

- Artificial Intelligence and Machine Learning (AI & ML)
- Cyber Security
- Data Science
- Web & Mobile Application Development

Pedagogy

- Blended Learning
- Project Based Teaching
- Assignment & Internships
- Focus on Practical Training as per industry need
- Flipped Class Room
- Industry Immersion Program
- Outbound Training
- Value Added Courses through IITs / IIMs (NPTEL/SWAYAM)

B.Com Programme

Aligned with NEP 2020, the B.Com (Honours) programme at Srusti is a 3-year full-time degree with an optional 1-year Honours/Research specialisation, designed to build strong conceptual clarity in commerce along with professional readiness. Blending academic rigour with application-oriented learning, the programme emphasises accounting, finance, taxation, and business decision-making.

Specialization

- Accounting & Finance
- Banking & Insurance
- Taxation
- Marketing & Entrepreneurship

Pedagogy

- Academic Foundation: Delivered via interactive lectures and tutorials.
- Case & Research Study: Focus on case-study based and research-based learning methods.
- Practical Workshops: Accounting practical sessions and financial analysis workshops.
- Professional Exposure: Industry guest lectures, internships, and field projects.

B.Sc Programme

Aligned with NEP 2020, the B.Sc. (Computer Science) programme at Srusti is a 3-year full-time degree with an optional 1-year Honours/Research specialisation, designed to build strong foundations in computing, programming, and analytical thinking. Blending theoretical depth with practical application, the programme emphasises core computer science principles alongside emerging technologies.

Specialization

- Artificial Intelligence (AI)
- Data Science
- Web & Application Development
- Cyber Security

Pedagogy

- Interactive Sessions: Combination of interactive lectures and hands-on laboratory sessions.
- Applied Problem-Solving: Use of workshops, coding labs, and specific programming assignments.
- Project-Based Learning: Case-based studies, internships, and research projects.
- Industry Engagement: Expert talks, industry workshops, hackathons, and innovation challenges.

Your Journey Starts Here

Enter Begin with foundational courses and academic orientation to the discipline.

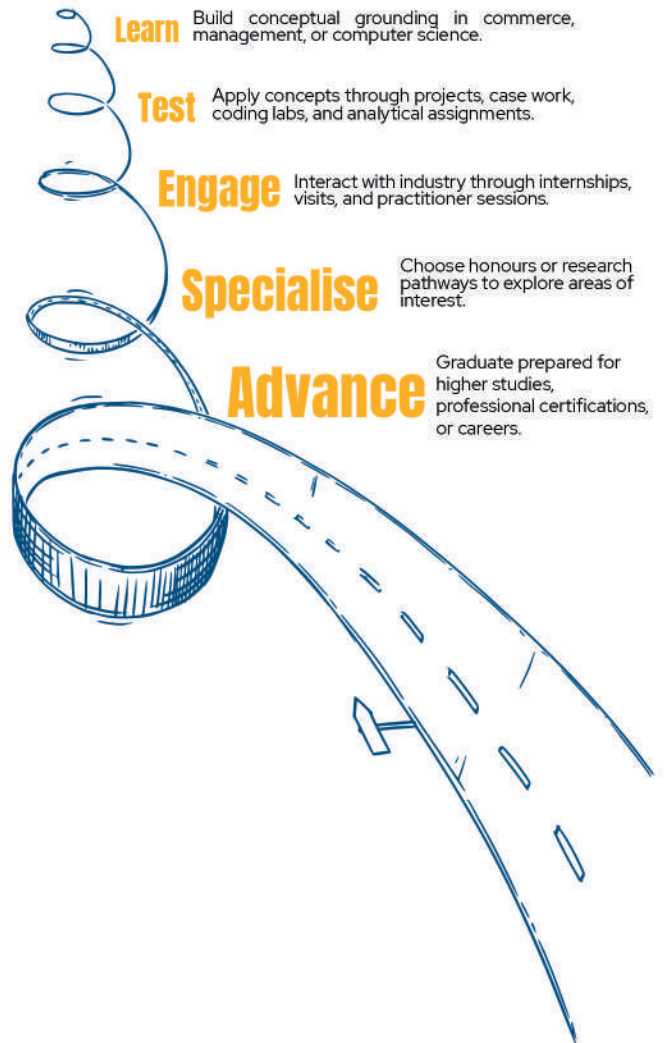

Learn Build conceptual grounding in commerce, management, or computer science.

Test Apply concepts through projects, case work, coding labs, and analytical assignments.

Engage Interact with industry through internships, visits, and practitioner sessions.

Specialise Choose honours or research pathways to explore areas of interest.

Advance Graduate prepared for higher studies, professional certifications, or careers.

Our Infrastructure

Technology has entered campuses in a big way and its use has revolutionized the entire knowledge delivery system. The institute's wi-fi campus is a blend of modern form and functionality. State-of-the-art multimedia lecture halls, comfortable seating arrangements, library, computer lab, language lab, auditorium, hostel accommodation, cafeteria and transport are all meant to support value-based teaching. Processes, starting right from admission to placement, are done through the Campus ERP solutions.

Library

- KOHA Automated Library System
- Textbooks, Reference Books, and Project Reports
- Previous Years' Question Papers
- Journals, Magazines, and Newspapers
- E-journals for Research
- Remote Access to E-Resources via SOA University
- Access to J-Gate

Digital Language Lab

- Multimedia Resources
- Recording and Playback Tools
- Interactive Software
- Real-time Communication Tools
- Progress Tracking and Assessment

Classroom

- Air Conditioned
- Wi-Fi Enabled Smart Classrooms

- Standalone Computer Systems

Training Center

- Multimedia Resources
- Skill Development Lab
- Career Support & Assessment Hub
- Interactive Software
- Real-time Communication Tools

Computer Lab

- Robust Computing Infrastructure
- Cutting-edge Technology
- Specialized Software Labs

Our Facilities

Gymnasiums

The Institute has a modern multi-gym and provides free membership to students and faculty members.

Indoor Games

Facilities for indoor games like Chess, Carrom and Table Tennis are provided.

Transport

The institute provides bus transport within the city for picking and dropping students from different routes. It ensures safe and convenient daily travel.

Hostel

Our hostel provides students with a safe, comfortable, and friendly environment for living and studying, offering furnished in-campus accommodation for both girls and boys equipped with modern amenities.

Canteen

The campus canteen is a popular student hub, serving lunch, dinner, and a variety of snacks and beverages. Its informal atmosphere makes it the perfect spot for students to unwind and socialize with friends during their free time.

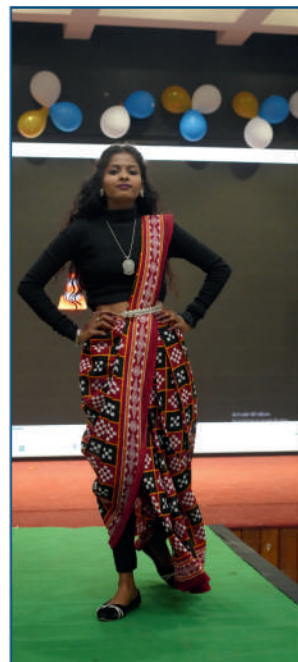

Cafeteria

The cafeteria offers different types of food in a friendly environment. Students can quickly get what they need and enjoy time with friends.

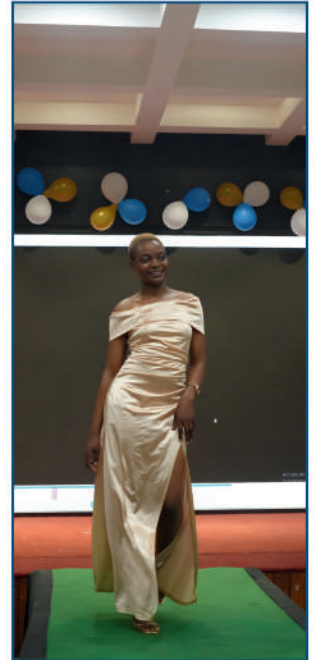

Life Srusti

Life at Srusti unfolds through experiences that challenge, engage, and prepare students for the world beyond academics.

Life Srusti

Where every experience adds a new dimension—shaping not just skills, but identity and direction. A journey shaped by experiences that inspire growth, strengthen character, and prepare students for what lies ahead.

Our Clubs

Enhances **HR knowledge** through quizzes and role plays, building **leadership**, communication, and people management skills.

Improves **public speaking** and communication **confidence** through debates, speeches, and fun language activities.

Develops **creativity** and marketing **strategies** through workshops and activities, boosting persuasion and branding skills.

Fosters **physical fitness**, focus, and **stress management** through yoga practices and meditation sessions.

Instills **social responsibility** and empathy through awareness drives and community service, shaping **responsible citizens**.

ED Cell

Encourages innovation and life skills with **entrepreneurial** sessions and events, nurturing **future leaders** and changemakers.

Always Inspiring

Arohan

'Arohan' - The annual welcome and an induction ceremony for MBA freshers is organized every year at the beginning of the academic session. Eminent persons from industry and academia address the students and share their rich experience for a successful professional career ahead.

Flash Mob

A high-energy group performance by students in public spaces to create awareness, promote events, and celebrate causes. It combines entertainment with impactful messaging and showcases the creativity, coordination, and enthusiasm of Srusti's student community.

Srusti TechHack 2.0

Srusti TechHack is a power-packed event where young innovators tackled real-world challenges with creative tech solutions. The event celebrated teamwork, innovation, and the spirit of future-ready problem-solving.

Voice of Srusti

The best singing talents among the freshers get recognition as the Voice of Srusti.

Samarambh

'Samarambh' - The annual welcome and induction ceremony for MCA freshers is organized every year at the beginning of the academic session.

Joy Of Giving

A compassionate initiative where students and faculty of Srusti collect and donate essential items to support needy children. It fosters empathy, social responsibility, and the spirit of giving back to the community.

Srusti Spark

Srusti Spark is the institute's entrepreneurship platform where students transform ideas into viable ventures through mentorship, ideation sessions, and industry interaction, fostering innovation and entrepreneurial thinking.

Sensation

Sensation, the annual fest of the Institute, is observed each year with fun and frolic. Annual awards ceremony coupled with cultural extravaganza is the most awaited event for the Srustians.

“Beyond Events, these are experiences that Define you”

50+ Events ▶ **1000+ Participants** ▶ **365 Days of Engagement**

Our Faculty

NOT JUST TEACHERS – CATALYSTS OF CHANGE.

At Srusti, faculty members are the backbone of our academic excellence, making us a truly faculty-driven institution. Our team blends the rigour of academia with real-world industry expertise, ensuring students receive holistic, practical education.

Many of our faculty are also actively involved in research and innovation, supported by AICTE and UGC, contributing to knowledge creation in their core domains.

Mr. Sanjeev Gupta

Joint President, Marketing,
My Home Industries Pvt. Ltd.

"Srusti Academy of Management and Technology (Autonomous) has been established with the noble purpose of imparting quality education in the field of business management. My interface with the students during pre-placement talks and personal interviews are quite encouraging as far as the knowledge and skills of the students are concerned, the institute is continually making progress for the holistic personality development of the students making them corporate-ready."

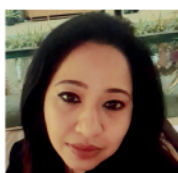

Mr. Devi Prasad Barik

(Regional HRBP)
Bandhan Bank

"It was a pleasure conducting the campus recruitment drive at Srusti Academy of Management and Technology (Autonomous), Bhubaneswar, which truly stands out as one of the leading business schools in Odisha. The enthusiasm, preparedness, and quality of students were exceptional, making the overall experience highly rewarding for Bandhan Bank."

Ms. Mecon Swain

Zonal HR,
Pantaloons

"Srusti Academy of Management and Technology (Autonomous) has always been a great interface for academia & industry. The institute has established an Industry Institute Partnership Cell (IIPC) and I am happy to be part of it. A constant dialogue between industry personnel from different sectors and the institute gives the right perspective."

Mr. Javed Khan

Vice- President,
Ceasefire Industries Pvt Ltd, Mumbai

"It was a thoroughly enriching experience to conduct the campus recruitment drive at Srusti Academy of Management and Technology (Autonomous), Bhubaneswar. The professionalism and enthusiasm demonstrated by the students truly reflect the institution's academic standards and commitment to excellence."

Summer Internship Programs

The Summer Internship Programme (SIP) offers students a valuable opportunity to gain hands-on exposure to real-world work environments before stepping into the corporate sphere. It serves as a practical extension of classroom learning, allowing students to apply concepts within their chosen area of specialization. Spanning 6–8 weeks, SIP placements are arranged in leading industries across diverse sectors, primarily located in metropolitan cities. These internships act as a critical career stepping stone, often influencing final placements and long-term career paths.

With each passing year, the number of paid internships continues to rise, reflecting both the growing trust of recruiters and the calibre of our students.

Excellent infrastructure and courtesy.

Alumni Speak

Ansuman Narayan

2004 - 2006, MBA

Being a student of Srusti Academy of Management has been a transformative experience for me. The faculty members are not just teachers but mentors who genuinely care about the students' success.

Nabaraj Khamari

2014 - 2016, MBA

Two years at Srusti Academy of Management have been a real learning experience and have in many ways, made me industry ready potential human resource. I express my sincere gratitude to faculty members of my institute who played a crucial role in shaping up my career.

G. Satyam Dey

2005 - 2007, MBA

I am proud to have Srusti Academy as my alma mater. My two years at Srusti not only improved my knowledge but also motivated me to look for heights. I am thankful to my faculty members who consistently mentored me to explore new opportunities and make a conscious career choice.

Mrutyunjaya Sahoo

2012 - 2015, MCA

I always feel that I took the right decision to choose MCA as my career. Through the rigor of MCA curriculum as well as keeping myself open to technological advancements from time to time, I today have a technical edge over many of my counterparts. I am a proud Alumni of Srusti Academy.

Alumni Association

Alumni of the Srusti richly contribute to the all-round development of their Alma mater. Recognised as "Srusti Alumni Association", a registered association, conducts an Alumni Meet every year. The association maintains close networking among all Srustians for a positive and progressive purpose.

Members of the Alumni Association working in various corporate houses in the country share their experience with the juniors for a successful professional career. They also conduct various competitions amongst juniors and recognise the young talents. The association also provides valuable support in the area of training and placement.
