“Industrial Insights in Action: Visit to Tata Motors, Jamshedpur”

8. Program brief:

An Industry Visit to Tata Motors, Jamshedpur was successfully organized on 09 April 2026 from 02.00 PM to 05.00 PM under the joint coordination of Dr. Jakki Samir Khan, Mr. Nirmal Kumar Routra, and Dr. Bhabani Mallia. The visit aimed to provide students with practical exposure to large-scale industrial operations and enhance their understanding of manufacturing and business processes. A total of 44 students participated in the visit, accompanied by 03 faculty members, ensuring effective supervision and academic guidance. During the visit, students were introduced to the operational framework of Tata Motors, including production processes, supply chain management, quality control mechanisms, and technological integration in manufacturing. The visit offered valuable insights into real-time industrial practices, automation, and efficiency-driven operations in the automobile sector. Students also gained an understanding of workplace safety standards, organizational structure, and the role of innovation in sustaining competitive advantage. The interactive exposure enabled students to connect theoretical concepts with practical applications, thereby enriching their learning experience. Overall, the industry visit proved to be highly informative and impactful, broadening students' industrial perspective and preparing them for future managerial and professional roles in the corporate sector.
